NoteCart and NoteLocker comes also with integrated NoteSync

Options (releases primo 2011)

NoteManage for iPad.

Management tool (SW) that lets you schedule tasks and charging.
Syncronizing can be scheduled individually for each USB-port.

Scheduling the charging preserves batteries and saves energy.

NoteControl

NoteControl is a module that provides LED lights to indicate the actual mode the NoteSync is in. This can also include buttons to change the mode (Sync or Charge) and a reset button.
